Formed in the late 1960s, The Moody Blues changed the rock genre the moment they stepped on the scene. They became household names with the release of their sophomore album – titled “Days of Future Passed” —in 1967 and continued to earn accolades for their lyrical content and fusion of classical music into their sound. Described by Rolling Stone as “...the Sistine Chapel of popular music,” the musicians have sold more than 70 million albums worldwide and obtained 18 platinum and gold-selling discs in their career. Longtime fans can brace themselves for a good time at the pool as the band never disappoints a crowd!
